SPECIAL SUPPLEMENTAL INSOULMENT

“The PRIMER of the CODES”

*Delivered at the TOSA Self-Ascension Center
Antigua, Guatemala, Central America
Through Wisdom Teacher Sri Ram Kaa & Angelic Oracle Kira Raa*

August 2013

Important Note of Introduction:

The timely arrival of this very special Insoulment offers a profound glimpse into the ever-present love that is held for all sentient beings on the journey of expansion. While all Insoulments to date have been delivered live through Sri Ram Kaa and Kira Raa and later transcribed, this particular Insoulment was clearly instructed to be delivered as a written text as explained within the contents.

Kira Raa was physically unable to deliver this message in any other form. She found herself unable to speak or move from the computer keyboard until the entirety of the message was delivered through her hands!

This is a PRIMER to ALL Archangelic Insoulments that have ever been gifted and for all to follow! This is a timeless gift that you will read when you are ready to step into a greater expansion of your divine self.

You are encouraged to read, re-read and digest this message. Then, gift yourself with visiting the Self-Ascension library of messages and allow your guidance to decide which message is yours to decode and fully integrate.

This primer allows the full miracle of Self-Ascension to expand exponentially through you, with you and as you. May your journey of self-discovery be extraordinary!

With GREAT love and presence,

Sri and Kira

The Unified Stream of the Crystalline Brethren Speak:

We come to you today as a single unified stream of the Crystalline Brethren that manifest in multitudes of forms to serve those who seek out the remembrance of their divine being-ness. We offer this message as a form of great clarity and chose this form of deliverance so that “no one voice” may disturb the presence we are offering to you now.

This is meant to be the primer¹. Within it you will discover *the code of codes* to which you can unlock the greater revelations from within thyself. This is not to say we will not speak to thee again, quite the contrary, for all speech after this will carry with it a greater depth of experience for thee.

We offer this with great joy and as a means to assist thee to fully prepare and fully release all doubt, fear and judgment.

Your world moment is entering a vast experience that will determine the future of the perceived now. It is yet another crossroads. These crossroads in your “recent history” were present in 1917, 1931, 1942, 1975 and 1999.

August 2013 is yet another crossroads and the balance of your collective future experience will be chosen by all of humanity this month.

This will build until the next crossroads moments that are shortly ahead in 2017 and 2022.

As you read this it is important to remember that there exists both the collective future **and** the “future” of your soul’s expression. Yet all “futures” are part of the illusion.

Each of these futures are yours to journey through and your divine spark of crystalline light will guide you without any hesitancy. Of this, you can be assured.

¹ A primer is a simple “book” that allows a subject to be fully understood.

Let us reveal more to you now.

In this moment, it is the time without words and the moment of the releasing of the densified addiction to words and their perceived meanings.

When you gather to hear us speak you are in a divine state of energy that offers to you a great energetic remembrance that transcends any and all words that have ever been spoken.

This state of energetic alignment assists thee to go beyond the mind perceptions and to experience the words as what they are...energy. It is a gift that you give to yourself and a moment that can extend into all moments with conscious attention.

And, for many, after the initial gathering there is a moment of density that comes forward and wants to analyze the words. It wants to categorize the words and interpret the words. Often times the tonality of "a voice" is also brought into the response to the words that are offered. These are all normal realms of the density experience and this is another reason why we offer you this primer.

Within the vast majority of the words that have been offered to thee², we offer the gifts of many ways to move the form through practices of soul connection³.

All of these movements of the body and breath carry forward to thee a great energy from the eternal heart of the universe.

This energy arises through the form of density and breathes renewed connectivity with the divine soul of crystalline light. This union then magnifies all sacred, sincere intention of your divine beingness.
