

The Miracle of Service: *12 Steps to Ascension*

Message Four

“The Creation Molecule”

*Delivered via worldwide web-cast from the
TOSA Self-Ascension Sanctuary
Antigua, Guatemala, Central America*

*Through Wisdom Teacher Sri Ram Kaa & Angelic Oracle Kira Raa
April 02, 2011*

The Ascended Masters Speak:

Hello beloved ones of great and glorious Light, hello!

Beloved angels of a world of Divine Resurrected Energy, we come to thee today with great presence of the healing light of divine love from the central core sun of the central universal experience that all Light beings know – that all Light beings live – that all Light beings ARE.

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

Mature Healing Energy

Upon you now is a great moment within your cycle of Great Divine Destiny that is one of mature healing energy.

To be in mature healing energy recognizes that one is deeply beyond the surface emotional body. That one is able to connect beyond the physical. That one is able to breathe beyond the lungs of a world of oxygen.

As we call to thee today, it is only the cellular call that can wake up those of an ascended heart that are here with glorious and joy-filled knowledge that is ready to be brought forward again in a luminescent way.

The Cycle of Nine

Today, you enter the cycle of NINE. There are many that have said there is a ninth- wave on your planet now and that this ninth-wave began a month ago in your linear time.

In *one* aspect of density, this is true. In the universal linear experience, this *could* be true. And in the universal experience of non-time existence, it is *always* true.

Meaning, you enter the ninth-wave when you ignite the infinite trinity by the infinite trinity – the three by three.

The three by three.

To take the energy of the numeric sequence in your world known as Trinity, the three times the three, is to ignite within thy soul the great connection of divine cosmic energy, that brings forth a healing ray of light, that transcends the physical, transcends the emotional and transcends all of the planetary thought-body that seeks to keep you within a cocoon of a paradigmical experience.

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

Breathe in beloved ones, for indeed this is a lot to say.

Ninth Wave Energy

In the energy of a ninth-wave – in the energy of a trinity times a trinity – is an infinite expression of energy that bursts forward from the central core sun of the Divine Universe and infinitely expands with a propulsion rate that cannot be recognized by what you would call scientific instrumentation.

It does have with it, indeed, a numerical sequence that is possible to be understood by those who study it from the molecular codes that come forward within a genetic strand of DNA for all crystalline beings of light.

If you were to allow thyself to take an instrument that creates some form of writing – it could be a brush, a small paint brush, it could be a finger, it could be a pen, as you call it, or it could be a pencil, as you call it – if you were to take this beautiful instrument and place it before you in a small plate of sand or a small patch of dirt or perhaps on a piece of paper, it matters not.

However, we encourage it to be a free expression without a constraint of typical expression of what you call writing.

And if you were to take this beautiful form and connect it and bring in front of you:

A series of three dots (*one – two – three*).

• • •

And then create three dots again (*one – two – three*).

• • •

And again (*one – two – three*).

• • •

You would find before thee a limitless combination of infinite shapes and geometric forms that would bring and propel you back into a Universal sense of being.

And then if you were to take three again – and three again – and three again – and three again and allow the creativity of your *ignited* energy to connect, shape, go in, re-do...you would discover many energies found within the three times the three – which is the NINE. And then the nine times the nine.

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

Dematerialization and Materialization

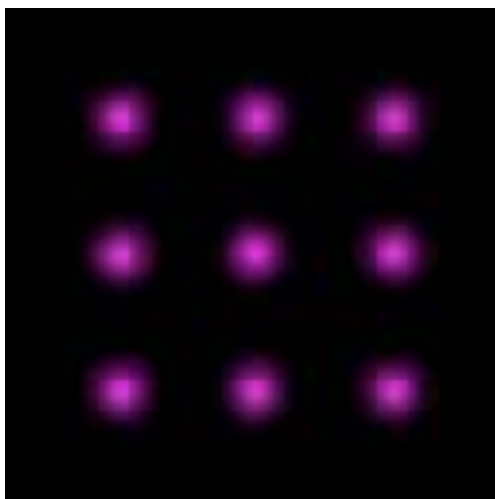

And as you begin to birth these energies, you begin to *molecularize* yourself as Infinite Expansion in Form.
You have already understood what many have misinterpreted in your densified experience:

Dematerialization and Materialization.
Dematerialization and Materialization

Perhaps when you recognize that there is the space between the space and you can find it within this form (*one dot...one dot...one dot*).

• • •

Three times one dot...one dot...one dot...one dot...one dot...one dot.

Allow yourself to simply relax the mind and go deep within the co-creative energies that come.
In the infinite divine expansion of all mind, you begin to recognize all alchemical transformation
is written in your genetic structure.

Alchemical Transformation

You *are* the alchemical transformation.
You *are* the one who is the materialization.

And you *are* the one that is the master of the de-materialization.

And yet, within the fabric of time-space - within the moment of the ascension molecule that breathes deeply within you - you are at the moment of the divine resurrection that will be for many as if codes start popping out of their heads.

SRI & KIRA

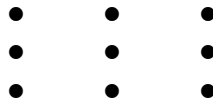

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

Suddenly it will be:

*"I understand. I know. I get this. I can find this. My hands suddenly feel ignited with energy. I feel as if the pulse-wave of wisdom coming through me is no longer that of a brain, but that of a divine wisdom-keeper that is wanting connection with me. I suddenly see and recognize that **God-force, Life-force, Love-force, Creation-force** is the one molecule of infinite energy that has opened up to an expanded principle".*

Three times three - The Trinity.

Three times the Trinity - Three

A shape many know as the Merkabah, a shape many know Star of David, a shape many know masculine/feminine, interconnected - it matters not. Begin to play with the three and the three. Spin these shapes in the ways that call to your heart.

Deep within the molecular structure of your divine love, is the great opportunity to step into the energy of the resurrection *now*.

***A resurrection does not demand your death – it does invite your attention.
To resurrect is to recognize the beloved presence & gift of every moment of every breath
in every form you have ever ignited!***

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

For each form you are in is an ignition. You cannot sustain form without ignited energy. Your ignited energy allows your form to grow, to shrink, to be, to expand, to age, to simply experience, it is all an ignition.

The ignited energy within thee *is* the absolute recognition of the resurrection molecule that has come forth from the central sun of the central universe that is cosmically realigning now.

In your world now, there is a great overlay of many, many, many energies. In this overlay of energies, for many it feels as if they are being compressed. They feel confused. They feel depressed. They feel scattered. They feel unable to function in a way that feels harmonious. They wonder why they cannot simply be at peace or rest. This does not in any way mean that these beings are not serving their function or role in divine perfection.

However, it simply is an opportunity to witness compression in action.

If you feel great compression energy, if you feel as if the universe is bearing down upon you, that your body is physically compressing, that time is compressing, that things are hard – then you have forgotten your essential ability to materialize & dematerialize.

It is not difficult, beloved ones, to move from one world to another.

It is not difficult to move from one room to another. And of course we do not mean with your legs.

We offer to you the great freedom principle that frees you to be in more than one space at once.

And yet to be in full presence in all space.

Many masters, as you have named them, in your world now, have practiced this for many. Many have written little books, many have shared stories of the master who appeared here, and yet appeared here. As the one who taught here.....and the one who taught there.

The Abode of the Transmuted Ascended Masters

The masters of the great abodes of transmuted energy - of the transmutation that can only come through the divine recognition of the ability to materialize, dematerialize, hold space, be space, claim space – live in an abode that is quite powerful. This abode, the abode of *transmuted ascended masters*, is the abode that has very powerfully lifted itself now above the area you call Titicaca, in the area of South America on your planet. This is not the abode that many claim to have understood is there.

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

This transmutation abode of these masters is a powerful abode where one is able to connect with the energy of materialization and dematerialization.

In your world now, there are many great golden books of divine light that are on small discs. Small golden discs that were left from many, many eons times ago that are prepared to materialize for the ones who claim their transmutive abilities and are able to connect with the masters of the abode of Titicaca.

This abode is a great service because it can only be accessed through a sincere heart. It can only be accessed by pure energy streams of divine highest service.

To claim this energy for the specific purpose of fascination, to claim this energy because it is curious will not access this abode.

To claim the gift of being one who is able to receive great energy - transmute this energy - materialize this energy - without attachment to the form the energy takes is to also effortlessly walk among all and walk with a great presence.

Nine and the Creationary Molecule

Beloved angels of great light, in the NINE - in the energy of the three times the three, times the three, times the three - the limitless loop of this is the creationary molecules that have the essence of your own divine experience.

Your divine experience exists in multidimensional space at all times.

It is an undeniable piece of the aspect of your experience that is manifest in the form of this planet now.

Feel our heart as it reaches out to you with great love and presence. Feel our light as we share it with thee. All healing can begin here (*the eyes*), as it begins here at the feet.

In the ancient times the Essene, the Ess-See-Nah, began all healing at the feet and then breathed in the light of transmutive ability to bring forward through the eyes.

Words were not necessary and often words were never used because in the ability to be in multidimensional space, in more than one place at once, great healing occurs. Great healing occurs.

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

Many call out on your planet now and say:

*“How may we heal our planet? May we save our planet? How may I heal my life?
How may I heal my children’s life? How may I heal my community, my country, my world, our oceans?
How can we reach out together?”*

Beloved ones, claim yourselves in your wholeness rather than your limited experience. Reach out and as you reach out, reach out your arms with great presence. Reach out your fingers and as you reach out with your fingers, receive as you give universal light and universal love throughout all creation.

Step in to yourself rather than stepping in to a hologram of yourself. And as you open your arms to the universal love that is around you now, you find that you are immediately in connection with all of you. *Of You.... Of You....*

To seek the answers outside of yourself is the aspect of you that still is un-whole.

And in the seeking you will find the wholeness.

And if you seek to claim your wholeness, reach out your arms, stretch out your fingers.

Feel the abundance of the Universe pour into you now.

Feel all that you are come forward.

And as all that you are comes forward to you, allow it to be a great and wondrous gift.

And in this great and wondrous gift, feel yourself re-energized.

*You are ready.
You are ready.
You are ready.
Three Times Three.*

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

***In the declaration of that which you seek to claim, you must illuminate and ignite your own recognition.
You are here.....and you are also there.***

Beloved angels of great Light – If you would hear one thing from us today.....

You Are Here!
And You Are There.....
And You Are There.....
And You Are There.....
And You Are There.....
And You Are There.....
And You Are There.....
And You Are There.....

***You exist in a multidimensional space of light right now. Right now.
This is not your only life and this it is not the only experience you are having.***

When you can release your limited perception that this is all there is and open-up - *while you are still in form* - to all that you are, then the energy of *effortless...effortless*, creation manifests within thee and you become - *in full recognition* - the master that you already are while carrying the form of this world now.

Breathe in beloved ones.....

Every master is Here.....And every master is There.

You Have.....

You Are.....

You Have Always Been.....

A master of great light, great love and great presence.

One...Two...Three

• • •

One...Two...Three

• • •

One...Two...Three

• • •

Three times three. Trinity times the Trinity – NINE.

The infinite creation, the molecule of Divine Knowing.

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

The World Is Ready

Your world is ready for you. It is now your moment to be ready for your world. Trust in your own divine revelation and you will discover that all of you, all of your expressions can come in. You are able to navigate this world in full presence of all that you are.

This is a momentous moment!

You are experiencing great light and energy in many ways.

How you receive this is *your gift*.
How you place it into action is *your experience*.

Would you like to be here *and* there?
What would you like to bring forward in your world right now?

For this is how you *will* enhance your world.

There is no need to save your world, you simply need to BE your world.

Breathe in.....

There is nothing else that we can offer to you, other than to remember.....

You Are the Transmuter.

You Are the Creator.

You are able to be HERE.

You are able to be THERE.

Feel yourself making that leap now. Notice your surroundings. And when you do it again, you may want to sit comfortably. You may want to lie down. You may wish to simply say:

*"I now claim the recognition of all of the experiences of this aspect of my being.
Take me to the one that is ready to receive me now and that I am ready to receive".*

And then allow yourself not to deny yourself what you immediately experience - for it is only the brain of this world that would seek to deny the fullness of all worlds. It is indeed part of the gift, is it not?

Beloved angels of Light,
From the central sun of the central universe.....
From the cosmic alpha.....
From the cosmic omega.....
We See Thee.
We Recognize Thee.
and
We Honor Thee.
And, So It Is.....
