#### **The Blue StarBorn speak:**

Hello beloved Angels of great light and love.

We, the crystalline brethren of the Blue Starborn, have with us today, one who has been in form in your world most recently. This one seeks to speak with thee directly today and has been calling for this message, so we will all stand aside and allow this one that you know as *Paramahansa Yogananda*<sup>1</sup> to come through this being<sup>2</sup> and speak with thee now.

#### **Paramahansa Yogananda speaks:**

Hello, beloved light beings of great cosmic energy and light. Your planet now is prepared to offer to you through the great cosmic connection of divine light and love, the next wave of your happiness found in the self-realization of your unified connection to God...To God!

---

<sup>1</sup> *Paramahansa Yogananda, (1893-1952) An Indian yogi and guru who introduced westerners to the teachings of meditation and Kriya Yoga through his book, Autobiography of a Yogi. This is the first time he has ever spoken in public through Kira Raa. He has been speaking with Kira Raa for over 22 years however not ever in public discourse.*

<sup>2</sup> *Direct reference to Kira Raa Insouling this energy to bring forth the message of Paramahansa Yogananda. This is not uncommon for more than one energy to speak during a public discourse when the message is deemed necessary for humanity.*

## **Understanding how Ascended Energy Speaks with us**

Many say, "Why is there evil on the planet? Why does god allow these things to happen? Why does god allow one to hurt another? Why does god allow anything that is unlike love?" When my feet touched this earth, and when I had the form as you carry form now, many asked me this question.

***My life, my mission, was to be a seed in a time inserted portal that would germinate over and over again, as each being was able to rectify within their own self-realized principles of scientific illumination and expansion.***

***To sing praises to the god within and the god with all is to smile at the love that is present in all ways for you.***

Many may say, "If one has ascended, how can one come back so to speak through another in form?" Before I can continue I must offer to thee this explanation. For as many hear and see and experience ***thee as me***<sup>3</sup> through this one in this moment now<sup>4</sup>, there is a great opportunity for you to understand.

***When each being of divine cosmic principle and light incarnates into a form in this world of experience, the ignited presence within, the illuminated presence within, is constantly learning and growing and is in constant communication with, and at all times, and expanse of recognition, the universal reality of oneness.***

***When the physical form is no longer necessary for the one, then the freedom of the expanded light of self-realization comes forward and offers to thee, the great expanded light field body Of all expanded experience!***

There is a great freedom in the ascended energy and in the cosmic kindness that is ever present. While there is the form dancing the light within, there is the opportunity, if the service is accepted, to connect with the energetic vibration and light of that being of ascended energy that has left for us the call. A recording to be played and accessed when it is illuminated by enough sparks of light and presence.

What is offered to you in this moment now has been offered before. The "I" is certainly beyond a one-principled being. The Paramahansa that offers this energy to you now is, we use the word combination, of many energies as you are the combination of many energies.

***There is always the availability to access the greater ascended harmonic wisdoms that are left on the planet by any who has accepted awakened presence.***

<sup>3</sup> Thee as Me...inviting you to see the universal oneness of all beings.

<sup>4</sup> Direct reference to the Insoulment of Paramanhansa Yogananda through Kira Raa to deliver this message.

And there is always the opportunity to access frequencies that seek to misunderstand your confidence.

So it is imperative to always be present with your heart-centered filter and to walk with the shoes of the divine student, the chela<sup>5</sup>. To be present.

***To be a chela, to be a guru<sup>6</sup>, to be a teacher, to be a student, to be a being of divine principled cosmic nature is to dance and sing in the light of the divine nature of this world and similar worlds.***

### **Why is their Evil in our world?**

To dance in the divine-will nature of this world is to relax the recognition that in the expansive energy, we go back now to the question, *why would a god permit evil?* Why would a god allow anything less, such as poverty, illness, war, transient energies that are disruptive and pain-filled?

It is important to understand this and we do so the simplest way we could ever offer.

If you are offered a blackboard and black chalk, can you see the writing?  
No!

This is why a blackboard uses white chalk.

Wherever there is dark, there is light.

Wherever there is light, there is dark.

And indeed it is the contrast between the two.

***Your understanding of the expansiveness of joy, your understanding of oneness, your understanding of god, of ascension, of realization, of experience, is always recognized through contrast.***

<sup>5</sup> A hindi word from the Sanskrit, (cela), means divine servant or student of god.

<sup>6</sup> Guru is a Sanskrit term for "teacher" or "master", especially in Indian religions.

## ARCHANGELIC INSOULMENT

***There is no creation or intention for you to be in pain.  
There is solely the intention for you to be aware.***

***To be aware is to be awake to the divine gift, the divine illumination, of this contrasted experience.  
To choose to be within this contrasted experience, is to fully recognize that there cannot ever be blame,  
there cannot be evil, because there is only the experience of the contrast.***

Yes, while you are carrying this form, this body, you will experience evil.  
You will experience pain. You will experience joy. You will experience goodness. You will experience harmony.  
And you will experience disharmony.

It is the guru within! It is the chela within! It is the sands alongside the infinite river of the cosmos that rise up between thy feet and assist thee to remember that all is transient. Each experience is transient.

***To go within the divine union of the mother and the father, and ignite the divine service of your illuminated form, is to lift up and out of any moment of discomfort, and bring to it though illuminated universal experience of all.***

When you are in pain, lift up into through the 3<sup>rd</sup> eye and beyond. When you are in discomfort, lift up again and beyond. And in your connection to your cosmic Universal dance, bring that into your own form and then reopen your eyes with the illumination of that which is indeed the truth.

Sing your praises. Dance your praises.  
Grab the sand and let it slip through your fingers.  
And as you do you will remember that all is transient.  
To hold onto anything, including the perception of evil,  
is to try to attach yourself to that which cannot be attached.  
And yet in this world of experience,  
it is the attachment to so many different experiences  
that keeps you aligned and attached to this one experience.

Your freedom is not anything you must learn,  
it is simply a gift you can reignite.  
Your passion, your love, your freedom, your presence, your knowing, your not knowing, is all within.  
When you practice practice chela guru, consistently, that which you are, each moment reveals the next.

## ARCHANGELIC INSOULMENT

There are many experiences that await you.  
There are many experiences that have become you.  
And there is the infinite self-realized recognition that leads to the self-ascension within you.

I am grateful for this moment.

If my presence confuses you in any way, then let go of the name that this stream of energy held during its most recent incarnation, and simply feel the expansiveness of ascended connection, through thy heart, through thy energy field, through thy relaxed presence and knowing.

Chela guru you are honored.  
And this is indeed the time of the honoring.

There is not a god that permits evil.  
There is not a god that permits war.

There is the great divine universal gift of love, and the co-creative power of your dance here.

Dance from joy or dance and drop from exhaustion. These are all options.

Chela guru we honor you and so it is.
