Zadkiel with St. Germaine

Yes. Indeed we are here. We wish to offer to you a Hello, a Welcome, a How do you do indeed. Today we offer to you a great message of Divine consecration of the freedom that comes in the true embrace of Oneness.

In the true embrace of Oneness, in the true embrace of the freedom that comes when you consecrate the Oneness within, there is no longer an imperative, for all imperative becomes indeed erased.

We offer this to you as a way of saying Hello, because indeed there is much for you to be able to move, be, and do at this time. To move, to be, and to do.

Releasing Allness

You see, beloved ones, so many times, perhaps within this realm of density, there is an opportunity to simply want to embrace one aspect of one sense of being, in a perception of Oneness. And yet, beloved children of All, as you have been expanding on a journey of Divine Allness, as you have been so lovingly moving forward-backward-forward-backward, sometimes you get seasick, no? Yes. And as you go forward and backward, oftentimes this is in a great reclamation.

In the reclamation of the experience of Allness, in the experience of Allness, as All must indeed be present in all consciousness, all expression, all expansion, then all is discovered, recognized, and experienced for All.

It is a great encompassing time, is it not? To understand the All. Indeed when you understand the All, then what comes forward is the movement that the Allness represents.

The Divine Movement of Allness

Allness is a movement. Allness is motion. Allness is an experience of wholeness in many ways. Allness is an expression of Divine presence, expanding, expanding, expanding, expanding, expanding. In Allness, there is constant motion.

Light is all-ways moving, expanding, ever more brilliantly. And so in the expression and expansiveness of the

All-ness, in the movement of All-ness, all must come forward. This is a great gift, is it not? To move, to move as you are in this movement, there are many ways that this movement comes forward for thee, in many realms.

Oftentimes, the movement of density has sometimes very concrete expressions, does it not? To simply move your feet, to simply open your eyes, to simply be present with the movement that you are is to open a Divine movement, a Divine consecrated area, a light expansion, a portal of illumination that ever expands, ever opens, ever brightens all that is with thee.

The Discernment Between Allness and Oneness

To move, to be in Divine motion, opens up a great expansionary presence in the recognition of Allness. You see it is a wondrous journey of Allness. This is truly where one becomes Oneness. This is an expression, or a discernment that is important and powerful in your world: The discernment between Allness and Oneness.

In the discernment between Allness and Oneness, Allness is an expansionary energy of Divine movement that brings forth a presence of beingness that offers the Self, the little I, that peace, that presence, to BE. You see, beloved ones, consciousness in the expressionary expansion of Oneness is a delight that is found in this world through the expression of Allness.

It is important to sit with the Self and ask for Allness. Experience Allness.

The Polar Shift of Relationship

How do you experience Allness? Do you experience Allness with judgment for the experience? Do you experience judgment of the Allness of another? Does the chaotic energy that perhaps, perhaps, is here for an expression of Allness offer to you an opportunity to express ever more?

Perhaps many at this time in your world are experiencing great, great, great polar shift of relationship. Many are waiting for the Earth polar to change...look at the relationships! Oooh hoo! We offer this because many are in the polar shift of relationship. Relationship is becoming indeed a Divine partnership in the Allness expanding, thereby bringing to Oneness. How does this express with you? How does this express through you? There are many who are ending what they would call one relationship as part of their Allness expression. Yeay, it is good.

There are many more who say, “Enough of this, must be in Oneness right now!” Yeay, and so it is. There are others who are so confused. They say, “Can’t get in, can’t get out, don’t know what to do.” It is OK.

You see, beloved ones, the reason that we discuss with you the polar shift of relationship is because indeed as Allness has come back towards Oneness, all expression is in a rapid accelerated time frame. As the linear time of this world becomes less and less predictable, and your soul energy is invoking and inviting you into greater expression of Oneness, then all aspects of this delightful form of density are quickly accelerating.

Consecrating Into Oneness

As all aspects are accelerating, as you are indeed accelerating through all aspects of Allness, in your reunification

or consecration into Oneness, everything, everything that you are not clear about, that you are not centered within, will abundantly manifest before thee. Abundantly! In spades, as they say. Yes!

It is a gift to be able to look at how abundant you are, in many ways. There are many polar shifts that are occurring now on many levels, and in many energies, in many worlds, beloved ones. As you are at the time of great, great reunification, what does it mean to consecrate? What does it mean to be present in Oneness when you have spent eons, eons, eons, eons, eons in Allness?

Perhaps we can offer you this gift. If you have been one way all of this lifetime, let us use the example of hair. We love this example of hair, how fun! If your hair is predominantly one way, it offers you a sense of comfort, does it not? For many, they find comfort in the way they wear their hair, cut their hair, style their hair, don't have hair, so much around hair! And so, you become accustomed to one way or another with the hair.

Now what if this was your soul journey and you like that one style for a long time? You have been in an Allness style for quite a long time. And suddenly you recognize you can not wear this style anymore. What happens? You get a new hairdresser! This is what happens! As you experiment, you might have to go through two or three before you like the style again. Yes.

Clarity and ONENESS

Beloved ones, you are at the time of great, great, great, great, great experimentation. You are all trying on the consecrated energy of Oneness. This is not an Individ-u-will experience. It is, it simply is. As You Are, It Is.

As you are in motion, and as these shifts walk through all the energies of your experience of this lifetime now, are you able to gaze into the consecrated Oneness of your presence?

When you gaze at another, are you able to recognize Oneness? ONENESS.

You see, beloved children, to recognize Oneness is but the first step. To be it is another. And so be patient. Be patient. This has been, and is, All-ways a great and glorious journey. This great and glorious journey has been moving, in motion, for eons of time. Eons of time.

It is a great gift in this what you call year 2007 to bring great clarity to yourselves. Beloved children, you will immediately recognize your clarity by the abundance that is in your life. This comes in many ways. Your abundance is a direct reflection of your clarity. When you hear this word *abundance*, it is a good place to begin, to get clear on what that means. Get clear on how that is an expression of reunification in your world, in your life, right now.

In this moment, in this Divine moment of presence, indeed there is a storm approaching in your world, and it is a glorious storm of reunification.

In this abundant time, clarity is your gift. In your clarity is Oneness. If indeed you feel befuddled, then it is a gift to ask where or how or am I seeking clarity? Beloved children, your clarity is the energy of Allness, is found from All, is it not?

What do you think, what should I do, how should I do it, tell me what to do, I don't know what to do, what are you doing? Should I do that, I don't know. That is all this expression of seeking clarity, is it not? Everybody else is doing it, might as well do it! This is an Allness.

In Allness you are a constant seeker. You seek to seek. You search to search, and your clarity impedes your knowing when you search to search. And so beloved ones, in the energy of Oneness, a small step is to recognize that the Universal truth that has always been and will always be, the YOU that has always been and will always be, is very, very clear. This is Oneness, when that clarity comes from you. When you walk in that clarity without need for affirmation, without need for expectation, without a desire to ask others to affirm your choice, you simply walk with your choice, you simply are present.

Consecrating Oneness, Releasing Allness

Bring your hand to heart. As you bring your hand to your heart, first ask yourself, was there resistance to bringing my hand to my heart? And as you have your hand at your heart, perhaps close your eyes if you are comfortable, or not, and as you bring your hand to your heart, you ask beloved heart of Oneness, beloved heart of Oneness, what is the gift now that is mine to claim? And listen.

Beloved heart of Oneness, what is the gift to be claimed now, right now in this moment?

Yes. This is a consecration. To bring the hand to the heart, to connect with the energy of Oneness, to ask for the gift, to trust enough to receive it and to feel the joyous gratitude of this connection, that is a consecration.

Breathe. Yes. Now let us play. Bring your hands to your belly. Is it tight? May be, may not. It is OK, just pay attention, because your bellies, beloved ones, are releasing the energy of Allness in your physical bodies. As you are integrating Oneness, it is your bellies that will be releasing the Allness. Many will find great challenges in this area during this time.

Bring your hands to your belly and let us offer the belly a gift. You can close eyes if you wish. Beloved belly, beloved body, who has offered the great gift of Allness and expansion in so many beautiful ways, offer me now the gift from Allness that is mine to receive. Take in a deep, deep breath, relax the hands, and feel the area of Star Consciousness in Unified Expression.

When we receive the gift of Allness from the belly, when we receive the gift of Oneness from the heart, we enter into a state of Unified Clarity.

Perhaps next time you have a decision that you are not clear on, take this one moment, bring your hand to your heart, receive the message of Oneness. Bring your hand to your belly, receive the gift of Allness, and then look at your question again.

ANGELIC ORACLE

KIRA RAA

Beloved ones, it is a great and powerful time as you enter into the cycle of Oneness. Of course all your calendars are ending! Yeay! Perhaps in Oneness there is no need.

Beloved children, know how Divinely Loved you are. This is a powerful time, a very powerful time, and before you now is a great turn of a wheel or a cycle. We invite thee to often celebrate that you here, right now, and that you are clear. By celebrating your clarity, you are clear, even if the mind says, why should I celebrate? You tell the mind, because you are clear.

Abundant Love. Namaste.
