Archangel Zadkiel Speaks

Yes! WE...ARE...HERE! Indeed. Yes! Good afternoon.

**ALL of the hearts, of ALL BEings, of ALL that are with...in; ALL that are with...out,
 and ALL that are around, in many abundant treasured ways, ARE...YOU!**

Dearest children of this collective consciousness that you call the planet Earth. YOU...ARE...
 Indeed at the greatest time of harmonic convergence that has ever been.

The Harmonic Convergence Energy

You say to us, dearest ones, what is this harmonic convergence? We say,

*You are the tone that you seek to be,
and you are at the time when all tones are becoming a precious chorus.*

Together you are ALL a precious gift. A precious harmony. A precious unified recognition. Not just those that you think deserve it...ALL.

Divine Nourishment in ALL Aspects of BEing

At this great monumental time of abundant recognition, YOU...ARE...BEing nourished. YOU...ARE...BEing nourished with every aspect of the Divine. Every aspect. Every aspect of all-ness. ALL experience, ALL BEing-ness, ALL representation, ALL expression. Every Divine aspect.

If you were to make a list that said, *here are all of the aspects of my being-ness*, ALL of those aspects are nourishing you at this time. Even if your list has things you consider to be scary, or not quite so right.

Indeed, are not the things that you consider to be not quite so right, a judgment in and of themselves?

Who is the one in you making the determination of the judgment of what is right and what is wrong?

Beloved energetic recognitions. Indeed! We see in you, as you see in us, the energetic recognition of ALL that is. IT...IS...time for you to offer to your-self the harmonic realignment with ALL that is of the truth of your BEing-ness.

First, take your left brain for a walk. Yes! Your brain is a precious gift for you to use. And it is imperative for you to open up the balanced harmonic of brain reconnection.

In your world it is claimed you use small percentages of your brain. This wondrous harmonic gift that has offered you safety, navigation, ability, understanding, humility, humor, expression, is a wonderful gift, it is not? Yes. Indeed!

It propels you into many realms of BEing-ness. It offers you the gift of Divine reconnections. As you re-assemble these Divine reconnections, how can you move forward if indeed you are stuck in one way of being?

It is important to re-cognize this.

Now! Dear children! You...ARE... at a time of profound opening. The opening has already begun. YOU...ARE...in the time. YOU...ARE...in the cycle of the great Lion energy. The cycle of the Lion energy has a fulcrum aspect to it. This fulcrum aspect means simply that there are those who will lift, and there are those who will pull, and there are those who will push. AND! There are those who will squash.

*As you live in Lion energy, it is imperative to recognize how YOU CHOOSE TO BE in this energy.
What is radiating through your body now?*

What is your body offering you, and are you paying attention?

The First Aspect of the Divine Trinity

We begin with the body. There are three aspects of this Divine opening that are ready to unify. Indeed. The time of trinity unification is imperative. In the re-cognition of the Divine Three, ALL will unveil itself at this time.

The Divine Three may be three pairs, or three communities; and please do not misunderstand that it may only be three, meaning 1, 2, 3.

It is the unison of the trinity energy, the re-cognition of every-thing that you call into wholeness, and all Divine aspects of your being-ness. The first aspect of this trinity is your body. IT...IS...your body.

When was the last time you jumped up and down inside your body and said yeah, this is my body. This is my body! Yes! IT...IS...changing. Hallelujah, IT...IS...not static! Yes! It is most imperative for you to let yourself have this gift.

When was the last time your body said; Hello, I am your hip and today I do not want to walk, talk to me, yes! When was the last time your joint said; Hello, I am your connective tissue, are you connecting with me? Or not. When was the last time your blood said are you receiving the sweetness of life, or not?

*When was the last time your bones said, are you letting me support you,
or are you trying to support everything else?*

Are you listening dear children, are you listening?

The Body and The Mind

***Your body is the greatest communicator that you have available to you right now.
This is because your body is, indeed, transcending the mind.***

Believe it or not, YES! The mind seeks only to keep you safe. The mind seeks to offer you reassurance with a pattern that you are habitually accustomed to. Good! What pattern do you want?

When ALL else is offering you illusion, the body is a great humbler, it is not?

“Oh no, I am very spiritual and I cannot walk today.” Yes! “Oh no, I have much to do and suddenly I am too sick to do it.” Pay attention. We offer this because your bodies are the greatest teacher in front of you in this moment. May you all-ways remember that you begged for this body. You created it! I want this one, this color, this shape, this way, Yes!

***In the creation of this beautiful form to come forward, you were gifted with the absolute
Divine knowing
that you would forget. And in the Divine knowing that you would forget,
you were given the gift of a body to help you remember.***

YOU...ARE...in Divine union with your body. Where is your sacred partner? Rub your arms around your body. Right here, loving you every moment, every precious second, every moment of every day, of every eon, of every evolution. We love you dearly. You are loved dearly. Your body says to you constantly, why do you not love me?

- ❑ What do you say to your body?
- ❑ How do you treat your body?
- ❑ How would you treat any temple, dearest beloveds?
- ❑ How would you treat the temple of another?

In the energy of the personal trinity, when you call forth the divine recognition, divine union and sacred union of your own body, you begin an energetic re-a-LION-ment with the center of the Universe.

This is because you re-member.

In loving your body as it is right now, you re-member.

Your body can only help you to re-member, it is a precious gift that was given to you to assure this.

Many cry out to us, *what is happening in this world, why do you kill bodies, why are bodies killing bodies?*

Begin by recognizing the gift of your body. From there, each body can honor another body. Begin by recognizing that legions of you have come to help you remember by saying their body was available to leave.

[Understanding the Gift of Is-ness](#)

Open your heart and re-cognize that many are here in the time of harmonic alignment.

This is because you are loved so much that they are offering you the gift of witnessing whatever you must witness so that you may remember; so that you can wake up.

So that you can wake up to the Divine memory of what IT...IS... You...ARE... you are to do...now.

Dearest children, there is no higher, there is no lower. There just IS. In the Is-ness, there is the Divine re-cognition of the absolute perfection of ALL that is happening. In the Is-ness, there cannot be war as you cannot see it as war.

Through the Is-ness, you see the selfless service of ALL who are re-cognizing and coming forward. BEing present, so that all, ALL, All, may come into Divine reunion and Divine communion.

You say to us so often, how can it be, what kind of a God, spirit, Universe could let this, (*war, destruction*), happen?

We invite you to remember dearest children, you are the co-creative power of this Universe.

You!

Look into the mirror and see the eyes of the Divine. From there, consciousness arises into many beauty-full brilliant expressions.

The trinity of the divine harmonic reunion that is present now begins with taking your left brain for a walk. Give it a nap and allow yourself to BE with your body. IT...IS...important to do this in whatever manner serves you. The left brain is doing it's best to stop you from this Divine communion because it is terrified, dear Ones.

Breaking Free of "Me"

Your left brain loves you so much it says, what about me? I will throw a tantrum right now. What about me? It's all about me! You live in a world of me! Me-me-Me-me-Me-me-Me-me! It is a siren of me's! Yes!

What happens to your consciousness when you hear a siren? Me-me-Me-me-Me-me-Me-me. You might be quite alarmed. It does not feel good, the adrenaline races, your tummy gets tight. KNOW that IT...IS...time to stop alarming your-self.

It is much more harmonically aligned to invite the presence of BEing-ness to come forward.

The divine trinity that begins with you, recognizes that you are ALL in sacred union. That you are ALL in Divine partnership. That you are ALL in the Divine presence of YOU. Love your beautiful bodies.

Dearest children, is it not one of the greatest acts of density to teach you not to love your body as it is?

***Pay attention Dear Ones. You have beautiful bodies, beautiful expressions.
Each perfectly designed to carry the energy that you asked to carry in this world.***

Carry your energy proudly! Carry your energy well. Be comfortable with your body. Let the comfort of your body determine how your body looks...Only the comfort. If you are comfortable and in joyous union with the body, then all is in divine order, is it not? Yes!

The Second Aspect of the Divine Trinity

The body is the first aspect of the trinity of the Divine Harmonic re-connecting on your planet now. From that union with the body, comes the second piece of the trinity. Your recognition of the Divine Presence. The brain likes order. The brain wants the bullet points.

As you claim the re-cognition of Divine Presence and union with the body, YOU...ARE...able to activate the divine DNA within. This opens the portals of Divine presence that YOU...ARE... without any doubts.

Only doubt separates, Dear Ones, only doubt separates.

- ❑ How often do you doubt yourself?
- ❑ How often do you doubt this world?
- ❑ How often do you doubt another?
- ❑ How often do you express your clarity while others doubt you, thereby you doubt yourself again?

Within the recognition of the Divine Presence, doubt does not exist. As are able to move with doubt-free existence, everything shifts. Everything shifts.

What do you doubt? Most often you doubt yourself. You doubt your money, your time, your career, your family. You doubt because you can doubt! It is quite fascinating. Yes.

*Dearest children, when you stop doubting you start embracing.
You start living as the active experience of the fullness of the Divine.*

We trust you implicitly. Do you trust yourself implicitly? Or is there doubt? Within doubting consciousness, breeds separation and skepticism.

This is such a popular energy, the Skeptic. Good thing! In the energy of skepticism, you are saying, *I love myself enough that I don't want to doubt anymore. Please help me no longer doubt.* Good.

When you are skeptical keep it in perspective. Ask yourself, who is skeptical? What is the aspect of you that is asking? Why? As you answer those questions, move forward and trust yourself enough to recognize, re-member, reunify and BE in the Divine presence all-ways.

*When you are in sacred union with your beloved body and presence of the Divine essence,
when doubt can no longer defines that you are,
all that remains is the honest re-cognition that YOU...ARE...The Divine Essence.
Expressing, offering, and growing.*

The Third Aspect of the Divine Trinity

YOU...ARE...light, and All Light expands, it is ALL it can do. IT...IS...your Divine imperative. As you expand your consciousness reunifies. As you come into greater Sacred Union with your Divine physical presence, you re-member, reconnect and honor the Divine presence within and at all times. This is when you hear the harmony of the Universe. The third aspect of the trinity.

The third aspect of the trinity is Divine love expressed as the Harmony of the Universe.

This is not the emotional love of this planet. In your world, love is very much a false god. It is a word that is thrown around loosely. I love you...as long as you do this. I love you...for a year. I love you...because I should say that.

*Remember that love, in and of itself, is not a conscious act, IT...IS...your presence.
Divine love can is experienced when you gift your-self with recognizing the absolute Divine gift
in every experience...Every being...Every action...Every moment... Every breath.*

Take a conscious breath. Yes. Do it again. Yes. What did you feel? Keep breathing until you do know what you feel. Keep breathing until you feel even more. Keep breathing until every cell ignites with the presence of Divine love. It is important to reunify with the essence of Love.

In the essence of Love effort ceases. In the essence of Love there is only bliss. There is only recognition.

There is only the understanding that every aspect, every expression, every BEing-ness is in Divine harmony.

From this trinity that begins with you, you are at the time now where you must make a choice. Let it begin with you. Then where do you wish to take it.

[The Divine Trinity and Choice](#)

Often you call out to us “How may I be of service?” Then you become judgmental of your service. I will be in service to this cause, because this cause is the only cause that’s right. Pay attention.

ALL causes serve the awakening of ALL beings and ALL expressions.

To truly be of service, we invite you to trust your-self as much as we trust you. We have no doubt that YOU...ARE. We have no doubt that YOU...ARE... expressing. We have no doubt that ALL that YOU...ARE... doing serves the entire universal community.

We invite you to re-cognize that YOU...ARE... at a time where YOU...ARE...waking up to galactic recognition, citizenship, if you will, *interesting word citizenship*. YOU...ARE...indeed re-cognizing and re-mem-bering that you are much more than this little space in this part of what you call a galaxy. Which is space in what we offer to you as the ***Universal Kingdom of Divine Love***.

Many of you have heard that there are many mansions here in the Universal Kingdom of Divine Love. Have you created yours? Can you see yourself in it? Do you allow your-self the gift of this Divine re-cognition?

We invite you to remember that your veil can only be lifted to the level of consciousness that you wish to embrace.

Therefore, it is important for you to make a decision. Dearest beloved children, make a decision. It is imperative for each BEing to be in their Divine choice. Many of you have asked, what is sin? Is there sin? There is only one, if you wish to use that word, *to interfere with the path of another, or to let another interfere with your path*.

Remember you are on a Divine mission. Is your mission important? Absolutely! YOU...would not be here.

Whatever you decide, remember it is the commitment to the choice that unveils the miracle of the choice.

If you vacillate in your choices, then vacillation energy arises within you. In the vacillation energy, how can you build solid community?

Community begins with the harmonic trinity of you. You are the community you seek. One by one and together you build the community of this world as the consciousness reflected by your personal trinity reunification.

What do you want this world to be? Many ask us, when, where, times, dates; how interesting these questions are! In the Divine trinity, the only question is the recognition of the Divine presence in ALL. We invite you, eyeball to eyeball, to look at each other in that precious Divine center. Pay attention to each other in that recognition. If you wish to be of service, hold your space of the Divine harmonic trinity, if you wish to be of service in that way.

Remember there are many who are in service that have no idea what we are talking about. Yes! Know that we honor their presence, as we honor yours. Each is in the Divine Moment. Each is in the Divine Presence.

There are many of you here who are seeking and looking for those who have already transitioned into another realm of service. Dearest children, when you allow your-self into the harmonic trinity, ALL are already with you here; sharing, growing, assisting.

KNOW the truth of ALL that IS.

We love you dearly. We honor you and recognize within the Divine upliftment of ALL that is consciousness, is a universal gift that is not prohibitive from anyone, and that is open to the realm of all-ness. Know that we honor you. We are in great trust of ALL that you do. We invite you to enter into the Divine trinity of your own being-ness often.

We will take questions.

Q: Zadkiel, there are a lot of us who are going through some very painful memories from Atlantis, can you give us some help or some instruction along the way?

Yes! Many are processing many past life information and traumas now. ***It is important to remember first and foremost, you past life is just that...Past! (Audience laughter)*** It is imperative, when you have these recollections, and many more will have this, many will not

understand it, and many will channel it as they say, into emotional expressions that they do not understand.

Remember you are at the time when time is folding upon itself, linear time at this point is no longer what perhaps you would say it was. How's that for a linear explanation? As this time is shifting, as this time is folding, and as many start having very vivid memories, dreamtimes, expressions, understanding, synchronicities coming forward, it is imperative to stay here, in this moment, now.

All of those expressions are what have brought you to this point now. The past is simply that; an expression of the soul fragment that is coming forward to you now. Many of you are calling back many soul fragments. Many of you have already done this. In the wholeness of all that you are, there can be great chaotic infusions of soul fragment reintegration. Often it is resisted because there is an emotional bond to the past recognition.

We implore you, we encourage you, if you want this to be chaotic, it will be, and you will make that choice and have great fun on that ride. Or, you can allow yourself to recognize it, honor it, and move forward and this is important.

OK, we see many hands. Yes.

Q: Hi. I was wondering if you could give me guidance as to how I can move forward in the best, quickest way.

Dearest child, you ask this not only for yourself but for many indeed. It is imperative to remember, today we have offered to you the Divine trinity of universal harmonic reconnection. Recognize that the greatest way you can move forward, is to first of all decide what is it you wish to move forward with.

You see Dear child, if your energy field does not emit a clear decision, then doubt energy anchors. You must get clear. What do I truly want and who, meaning you, do I trust to come forward with that energy? From there, you are able to move forward.

With that, you must conjunct the two in releasing the concept of linear time. ***Linear time limits and puts boundaries on things, does it not?*** This segment, that segment, that moment, this moment. Expand into the recognition of all-ness, be clear in that which you seek and the instantaneous manifestation that you desire is already there.

We will take one more.

Q: I experience pain when I am in spiritual surroundings as if my body is trying to tell me something. I have been trying to communicate with it and can't hear anything. Why am I feeling this pain in such high energy surroundings?

What a good question! Pain is a powerful question. Why am I experiencing pain, why am I feeling pain and why can I not hear the pain? Dearest child, when you come into this planet, when you come into this form in this world, one of the greatest gifts you are offered is pain.

Pain is the gift that offers you the opportunity to question.

From the questioning which you have already begun, emits an energetic field to the Divine that says I am ready to have an answer. When you are able to release the pain for the sake of pain and let the pain teach you. To let the pain offer you the question and then let the question be sent out and allow yourself to receive the answer. This is true with all beings and all pain. Pain is one of the greatest gifts of this world.

When we stop arguing with pain, when we stop trying to cut deals with pain, when we stop cursing pain; we allow ourselves to question the reason and find the source. To break through into the recognition of what the gift is, and become pain free. This is a powerful question.

We bid you farewell and offer the re-cognition that in the presence of all that is, have no doubt you are All.

Do not ever doubt for one moment that we are with you All-ways, as you are with us All-ways.

The Suph'alla, (The Benevolent Ones) animate Kira's body and continue.

Hello! Beloved wisdom keepers, our heart opens with the Divine recognition that YOU have, indeed, come to the time of the process of the integration of all the records and all of the keys.

In the Kingdom of Divine beloved oneness, from whence you have been and we come to you, we offer you now the beloved energy of opening up the portal of wisdom that exists for each of you in the area above what you call the third eye.

In this portal of Love, in the honesty and integrous re-cognition of your beloved being-ness, there cannot be a secret. There cannot be withholding, there cannot be falsehood, because in this energy, YOU...ARE.

As you breathe and integrate more, the energy of beloved re-cognition will full-fill your heart with the Divine precious gift of reunification. Yes!

In the majesty of the explosion of Light that created the sparks of Divine Universal Wisdom which you are, each of you said Yes. Yes. Yes!

Each of you is One and All.

In the Yes, there is the acceptance of ALL that IS. We invite you to offer your-self one moment of heartfelt recognition. One moment of feeling, being, knowing, accepting. One moment to say; "What if I could really Feel and Be?"

Re-member. Re-connect. Re-unify. Go deep withing and ask:
What if my presence IS ALL that IS Light?

***We Love you.
We Honor you.
We are you...as you are us.***
